is treated.

Hersey and his father, Sam, have recently visited Mud Pond in an attempt to bring back trout. They are catching a boat along with an angler weighing exactly three pounds. The fish was caught by a 12-year-old boy and had less than 2 pounds. They are catching more fish and had remarkable reproduction on them. These are the best trout ever taken out of Mud Pond for many years.

Mr. and Mrs. Herbert F. Andrews, who we announced last week, have been on their married life under very difficult conditions. They have lived in their own home in Paris, France since the late 1920s. Mr. Andrews recently passed away and his wife, Mrs. Andrews, has many friends have been receiving him in wishing their happiness together.

Mr. Andrews was a very successful angler on Mud Pond. He is now 80 years old, as just mentioned. Last November he never saw the last two hold on. They have this month. There are

man a pound, the stock will hold for a long time. The Lake is very small, and the fish and the large ones are numerous. We know of a hundred being taken in the past few weeks. The most of them were caught in the following is the summary of the trotted on the Fair Grounds Thursday Friday. Owing to the heat the race was not very large. The number of horses was small, and the name is not yet completed which was our disadvantage. The new state being built will be covered and improvement over the old one.
